

HEALTH AND SAFETY POLICY

All employees of the practice will be handed a copy of this Policy Statement, and can expect the policies contained in it to be followed.

It is the policy of this practice that all partners and employees are to comply with statutory requirements for health and safety in the workplace and in construction environments. Regular review of health and safety and risk assessments are made on each office project.

It is the policy of this practice to provide suitable safety clothing for employees for use on site when not otherwise provided on individual contracts.
